Summer Camp @ CJCP

Central Jersey College Prep Charter School is pleased to announce that we will be hosting Summer Camp with the collaboration of Ivy League Learning Center. Our summer camp classes are a great way to keep your children active and safe over their summer break. This camp is designed to increase student interest and competence in hands-on science activities in a relaxed, safe and fun atmosphere. Campers enjoy field trips every week to various educational, cultural, and recreational venues. A camp director supervises and accompanies all field trips.

The summer camp program is taught by highly qualified teachers and coaches at Central Jersey College Prep Charter School, therefore, you can be assured that your child will be in a structured, safe and fun environment. So, come join us and be a part of **Central Jersey College Prep Charter School Summer Camp and Summer Fun.**

The program is a three week session. It begins 13th of July. The session will be held Monday through Thursday, from 9:00am to 1:00pm. The program consists of a wide array of creative activities for all students.

Students will:

- improve communication skills
- work as a team
- participate in group activities and hands-on learning experiences
- compete and win awards
- make new friends
- have loads of laughs and lots of fun!

PROGRAMS

Language Arts

What's the Word? Vocabulary Building

If you would like to improve your vocabulary for the SAT, writing assignments, classroom discussions, or simply to impress your family and friends, come to this workshop. No memorization! Activities, games, and films/TV will assist in your learning.

Math

Fun with Math Games

Tired of boring worksheets but love math? If so, then this is the class for you! Campers will play all different types of hands-on math games. Games will explore place-value, addition, subtraction, multiplication, fractions, and much more.

Science

Fun with Chemistry

Fun with Chemistry offers a unique opportunity to experience the wonders of chemistry through engaging activities. Explore topics such as the flammability of elements, how bubbles are made, and the creation of slime!

Basketball Camp

Improve your game

Are you interested in improving your game? If so, attend this basketball camp. Our basketball camp will instruct you on the fundamentals of the game as well as helping you improve on your skills. All levels of ability will have fun in this camp.

Field Trip

Experience first hand

We offer a comprehensive field trip program for students. Unique, hands-on field trips are designed for the grades. Trips to science and historical museums, gardens, a college tour etc are on the activities list.

Robotics

Experience summer tech fun

These Robotics classes are designed to introduce Middle and High School students into the world of robotics. Students will have the opportunity to build and program a robot to autonomously compete in a series of challenges based on real world issues.
