  - Use only assigned accounts.
  - Not view, use, or copy ids or passwords, data, or networks to which they are not authorized.
  - Not distribute private information about others or themselves.
2. Respect and protect the integrity, availability, and security of all electronic resources.
  - Report security risks or violations to a teacher or network administrator.
  - Not destroy or damage data, networks, or other resources that do not belong to them, without clear permission of the owner; No "hacking"!
  - Conserve, protect, and share these resources with other students and Internet users.
3. Respect and protect the intellectual property of others.
  - Not infringe copyrights (no making illegal copies of music, games, or movies).
  - Not plagiarize.
4. Respect and practice the principles of community.
  - Communicate only in ways that are kind and respectful.
  - Report threatening or discomfoting materials to a teacher.
  - Not intentionally access, transmit, copy, or create material that violates the school's code of conduct (such as messages that are pornographic, threatening, rude, discriminatory, or meant to harass); No cyber-bullying!
